

OPERATING PRINCIPLES

1. Decision-making will be guided by the district's mission, vision and beliefs and the Strategic Plan.
2. A decision will be made only after considering its impact on student learning.
3. No program or service will be approved or retained unless it is consistent with the Strategic Plan, its benefits justify its cost, and provision is included within it for staff development and program evaluation.
4. Any behavior which demeans the dignity or self-worth of students, staff or the community will not be tolerated.
5. A decision which changes policy, program or direction will only be made after providing the opportunity for input from the people directly affected by it.
