Note: The Yakima School District is committed to protecting the health, safety, and welfare of all students and staff, maintaining the security of the schools, and promoting the effective operation of the schools. To accomplish this end, limited personal searches, locker and storage area searches, searches using hand held metal detectors, and motor vehicle searches may be conducted. Another purpose of school district searches is to investigate reasonable suspicion of a violation of the district's policy or school rules. If a search also reveals evidence of probable criminal activity, district staff are authorized to contact law enforcement.
