This Civics Course is About: How people in the US, Washington, and Yakima make decisions, govern themselves and address public problems. This course teaches students the importance of civic engagement to a democratic society, while examining current issues and the election process. This course emphasizes democratic principles such as equality, freedom, rule of law, respect for individual rights as well as individual responsibility, while also fostering diversity, teamwork, employability skills, and independent learning.

Course Questions:

1. **What are Civic Life, Politics, and Government and what role do these play in American society?** Why are government and politics necessary? What purposes should the government serve? What are the essential characteristics of democratic and authoritarian governments? What are the nature and purposes of constitutions?

2. **What is a constitution? A constitutional democracy? What does the US Constitution say about how America’s government is supposed to work?** What core principles is the US Constitution based upon? What makes the US Constitution a living document? What areas of the Constitution are most controversial? How would differing interpretations impact various interest groups? How might you amend the Constitution if you could?

3. **How are power and responsibility distributed, shared and limited in the government established by the US constitution?** What does the national government do? How are state and local governments organized and what do they do? Who are your representatives in the various levels of government? What current issues are creating conflict between various levels of government?

4. **How does the American electoral system work at the national, state, and local levels?** What are the main political parties in America, and which one(s) do you identify most closely with? With which core economic and political principles are the main parties most closely associated? Is America’s electoral system fair? What current issues are being debated this election cycle?

5. **What is the relationship of the U.S. to other nations and to World Affairs?** How is the world organized politically? How has the U.S influenced other nations and how have other nations influenced American politics (policies) and society?

6. **What role do Citizens play in American Democracy?** What is citizenship? What are the rights and responsibilities of citizens? Of non-citizens? How can citizens (and non-citizens) take part in civic life? What disposition or traits of character are important to the preservation and improvement of American constitutional democracy?
